

## WHY MENTORING?

Because it's proven to have far-reaching, positive effects. We all deserve to be lifted up along the way and Miller Mentoring does just that. The hope is to meet young people where they're at and welcome them with open hearts.

The Miller Mentoring program is all about student success which is more than academics. It's also about social-emotional wellness and building trusted relationships in an encouraging atmosphere. From there, we see improved attitudes toward school, stronger relationships with peers and family, and an enhanced sense of belonging.

about Miller Mentoring,  
*call or email us today!*

The Miller Mentoring program was born from the vision of Ben Miller and has been growing for over two decades.

*"The answer to each challenge is you. Can you do it? Of course you can. As long as that flame burns within you to make the world a better place. I hope it burns until your final days."*
