Community members are invited to assist with garden tending and creation of native plant inspired public art with Sarah Johnson | The Joy Labs. Join us to co-create a mini mural to be displayed at Unity Park and to help weed and tend the garden to care for our plant relatives. Sara Holger, Lead Naturalist at Whitewater State Park & MN Master Naturalist Instructor will be helping to guide volunteers in caring for the garden.

Please wear clothes that you don't mind getting messy. Bring water bottle, garden gloves, and your own garden trowel (if you have one).
