Updates	<ul style="list-style-type: none"> <li>• Office/front hallway flood 3/12/22. A 1 ½ inch feeder pipe ruptured in the dry system, in the attic above the copy room. That triggered the system to fill, flooding the office, and part of the front hallway, foyer, conference room, and into CH 1 and 2 a bit. Winona Fire helped push the water out the door, a few staff were on hand to help. Insurance claim was filed that night, with <a href="#">pics</a>. Summit came and fixed it that evening.</li> <li>• Front bathrooms (non-binary) discussion follow up: We located a better spot for a non-binary bathroom-next to Kaylas office, which is used once a week by the school psych. Luckily she comes on Wednesdays, so can move to Pat H's room. The space is the right size, right location, and there is a bathroom on the other side of the west wall that they can tap the plumbing into. OWA is working on a plan draft.</li> <li>• Lighting upgrade in the gym: The contractor will be in tomorrow to start the process.</li> </ul>
Building Manager report	<ul style="list-style-type: none"> <li>• ClickClickCleaners is working. They were given the “green light” to work their normal times over spring break to do some deep cleaning in the bathrooms, other areas. Feedback/discussion?</li> <li>• Washing machine in the utility room had a coupling burst last week, water down the E2 hallway. No damage, just water clean up.</li> <li>• WHV was in 3.14 to replace a leaking water pump in the floor system.</li> </ul>
