

I just got off the phone with Louise from MMTTC as I hadn't heard back from her via email. (She had accidentally saved the email back to me in her drafts.)

-MMTTC is hosting training this year... and are awaiting requirements from AMS due at the end of the month.

-They plan on being onsite with a back-up plan of online or changing schedules.

-They are only admitting 10-15 people this summer, in order to social distance, and would give precedence as they know me (our school) if our new teachers apply. The application is not on the website yet, but will be soon.

-Tuition: E1 (Which E2 teachers take the first summer/year): \$7,300 + \$400 for EC class. E2 Training in year 2 is \$5,600.
